Walker Chandiook & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Divyay Greeneries Private Limited, on the financial statements for the year ended 31 March 2018

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the financial statements of Divyay Greeneries Private Limited ("the Company") as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting ("IFCoFR") of the Company as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Walker Chandiook & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Divyay Greeneries Private Limited, on the financial statements for the year ended 31 March 2018

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Divyay Greeneries Private Limited

Summary of significant accounting policies and other information

(All amounts in ₹, unless specified otherwise)

1. Background

Divyay Greeneries Private Limited ("the Company") is a private limited company domiciled in India and registered under the provisions of the Companies Act, 1956. The company is a subsidiary of Shree Krishna Agency Limited and is engaged in the business of rental services.

2. Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention in accordance with generally accepted accounting principles in India ("Indian GAAP") and comply in all material respects with the mandatory Accounting Standards ("AS") prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended), and with the relevant provisions of the Act, pronouncements of the Institute of Chartered Accountants of India ("ICAI"). The financial statements have been prepared on an accrual basis. The accounting policies applied by the Company are consistent with those used in the prior period.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Act. Based on the nature of the work, the Company has ascertained its operating cycle as up to twelve months for the purpose of current and non-current classification of assets and liabilities.

3. Significant accounting policies

(a) Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful loans and advances, income taxes, classification of assets and liabilities into current and non-current and the useful lives of property, plant and equipment.

Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

(b) Property, plant and equipment - tangible assets

Property, plant and equipment ("PPE") are stated at cost, net of accumulated depreciation and impairment, if any. The cost of an asset comprises its purchase price and any cost directly attributable for bringing the asset to its working condition and location for its intended use. Subsequent expenditures, if any, related to an item of PPE are added to its book value only if they increase the future benefits from existing asset beyond its previously assessed standard of performance.

(c) Depreciation

Depreciation on PPE is provided on written down value method over the useful lives of assets prescribed under Schedule II of the Act. In respect of additions, depreciation is provided on pro-rata basis from the date of acquisition/installation.

Divyay Greeneries Private Limited

Summary of significant accounting policies and other information

(All amounts in ₹, unless specified otherwise)

(d) Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists then the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(e) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. Provision for diminution in value is made to recognize a decline other than temporary in the value of the long-term investments.

(f) Revenue recognition

Revenue is recognised to the extent that it is probable that economic benefits will flow to the Company and the revenue can be reliably estimated and collectability is reasonably assured.

- Profit/Loss on sale of investments is recognized on sale/redemption of respective investments.
- Dividend income is recognized when the Company's right to receive dividend is established.
- Revenue from rental services is recognized on accrual basis at the time when services are rendered as per terms of respective agreement.

(g) Leases

Leases of assets under which significant risks and rewards of ownership are effectively retained by the lessor are classified as Operating Leases. Lease payments under an operating lease are recognized as expense in the Statement of Profit and Loss on a straight line basis over the lease term.

(h) Tax expense

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 ("IT Act"). The Company accounts for tax credit in respect of Minimum Alternate Tax ("MAT") in situations where the MAT payable is higher than tax payable under normal provisions of the IT Act and where there is a reasonable certainty of adjusting such credit in future years. The credit so availed is adjusted in future years when the tax under normal provisions is higher than MAT payable to the extent of the said difference.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has

Divyay Greeneries Private Limited

(All amounts in ₹, unless specified otherwise)

unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is a virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain or virtually certain, as the case may be that future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax assets are reviewed at each balance sheet date.

The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

(i) Provisions, Contingent liabilities and Contingent Assets

- a. A provision is recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation and in respect of which reliable estimate can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.
- b. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood on outflow of resources is remote, no provision or disclosure is made.
- c. Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

(j) Transactions in foreign currency

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency at the date of the transaction. Foreign currency monetary items are reported using the year-end rates. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items or on reporting monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

(k) Borrowing costs

Interest on borrowing is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowing. Ancillary expenditure incurred in connection with the arrangement of borrowings is amortized over the tenure of the respective borrowings. An unamortized borrowing cost remaining, if any, is fully expensed off as and when the related borrowing is prepaid /cancelled.

Divyay Greeneries Private Limited

Summary of significant accounting policies and other information

(All amounts in ₹, unless specified otherwise)

(l) Cash and cash equivalents

Cash and cash equivalents comprise cash and deposit with banks. The Company considers all highly liquid investments at the time of purchase with a remaining maturity of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

(m) Earnings per equity share

Basic earnings per equity share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purposes of diluted earnings per equity share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.
